Comprehensive Needs Assessment

Needs Assessment Overview

Needs Assessment Overview Summary

Our first meeting was held on May 8, 2023. At this time, the Site Based Decision Committee (SBDC) met to review the purpose of the committee. We discussed Title I and the Comprehensive Needs Assessment. The team discussed the requirements to be a Title 1 campus as well as the purpose of the meeting to determine the campus needs. We shared the different types of data that we will collect and review. We selected and assigned teams to prepare data for our next meeting. Teams worked to set times to collaborate on their presentations. The next meeting date was set.

During our second meeting on June 1, 2023, the SBDC reviewed the Title 1 Process and the development of the Comprehensive Needs Assessment. Teams presented their data for demographics, student learning, perceptions, and school processes. Data used was: PEIMS information, state and local assessments, discipline data, Campus Climate Surveys, and attendance records. We determined that the campus would benefit by focusing on K-2 literacy development, ELAR, Math as well as the parent and student satisfaction. We drafted five goals based on the current data in these areas.

The third meeting was held on October 20, 2023 in the conference room at Williams Elementary school. The administrative team updated numbers and demographics for the 2023 - 2024 school year. We reviewed and edited goals and strategies.

Student Learning Strengths

At least 80% of 3-5 students are at or above grade level in math and reading based on MAP testing.

At least 60% of 3-5 students are at meets in math and reading based on STAAR testing.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): Minimal student growth outcomes in K-2 literacy development. **Root Cause:** Students have a gap in exposure to explicit instruction in phonics.

Problem Statement 2 (Prioritized): Minimal amount of student growth in math, reading, and science (Grades 1-5). **Root Cause:** Lower level of rigor and inconsistent Tier 1 instruction. In math, inconsistent implementation of the expected district guided math instruction. In reading, inconsistent implementation of the expected district guided reading instruction.

Problem Statement 3 (Prioritized): Lack of school-wide process and familiarity for completing online assessments. **Root Cause:** Minimal exposure to the variety of question types and online platform. (Grades 1-3)

Problem Statement 4 (Prioritized): Academic disconnect between home and school (Parent opportunities and understanding) **Root Cause:** Minimal parent participation and understanding of the programs and resources provided.

Problem Statement 5 (Prioritized): Excessive amount of bus referrals. **Root Cause:** Lack of structure and active supervision. (Disconnect from PBIS campus expectation)

School Processes & Programs

School Processes & Programs Summary

- Staffing - Systematic processes of screening and interviewing resulting in hiring highly qualified teachers and paras.
- Training - Provide high quality professional development from the campus and district leaders.
- Curriculum Supports - Instructional coaches, interventionists, resources, programs, district level content coaches.
- Behavior Management and Safety - Implement campus daily safety audits, drills and PBIS.

School Processes & Programs Strengths

- Retaining highly qualified staff
- Collaborative PLCs
- Data driven instruction and interventions

Perceptions

Perceptions Summary

- K-12 Campus Climate Survey
 - Teacher, Parent, and Students

Perceptions Strengths

The data from the K-12 survey showed that these three areas were strengths.

"Teachers tell what they need to know to do well" - Students

"Teachers explain learning and expectations" - Teachers

"Teachers are available to discuss student learning needs" - Parents

Problem Statements Identifying Perceptions Needs

Problem Statement 1: Parents feel that they don't get helpful feedback on student work or have information on how to help their children. **Root Cause:** Lack of parent understanding of programs and resources.

Priority Problem Statements

Problem Statement 1: Minimal student growth outcomes in K-2 literacy development.

Root Cause 1: Students have a gap in exposure to explicit instruction in phonics.

Problem Statement 1 Areas: Student Learning

Problem Statement 2: Minimal amount of student growth in math, reading, and science (Grades 1-5).

Root Cause 2: Lower level of rigor and inconsistent Tier 1 instruction. In math, inconsistent implementation of the expected district guided math instruction. In reading, inconsistent implementation of the expected district guided reading instruction.

Problem Statement 2 Areas: Student Learning

Problem Statement 3: Lack of school-wide process and familiarity for completing online assessments.

Root Cause 3: Minimal exposure to the variety of question types and online platform. (Grades 1-3)

Problem Statement 3 Areas: Student Learning

Problem Statement 4: Academic disconnect between home and school (Parent opportunities and understanding)

Root Cause 4: Minimal parent participation and understanding of the programs and resources provided.

Problem Statement 4 Areas: Student Learning

Problem Statement 5: Excessive amount of bus referrals.

Root Cause 5: Lack of structure and active supervision. (Disconnect from PBIS campus expectation)

Problem Statement 5 Areas: Student Learning

Student Learning
<p>Problem Statement 1: Minimal student growth outcomes in K-2 literacy development. Root Cause: Students have a gap in exposure to explicit instruction in phonics.</p> <p>Problem Statement 2: Minimal amount of student growth in math, reading, and science (Grades 1-5). Root Cause: Lower level of rigor and inconsistent Tier 1 instruction. In math, inconsistent implementation of the expected district guided math instruction. In reading, inconsistent implementation of the expected district guided reading instruction.</p> <p>Problem Statement 4: Academic disconnect between home and school (Parent opportunities and understanding) Root Cause: Minimal parent participation and understanding of the programs and resources provided.</p>

Goal 2: By May 2025, the percentage of students that meet grade level expectations in math will increase in Approaches, Meets, and Masters in grades 1-5 on MAP and 3-5 STAAR by designated measures below.

2023 -2024 Math MAP

Title I

1.1: Comprehensive Needs Assessment

Our first meeting was held on April 24, 2024. At this time, the Site Based Decision Committee (SBDC) met to review the purpose of the committee. We discussed Title I and the Comprehensive Needs Assessment. The team discussed the requirements to be a Title 1 campus as well as the purpose of the meeting to determine the campus needs. We shared the different types of data that we will collect and review. We selected and assigned teams to prepare data for our next meeting. Teams worked to set times to collaborate on their presentations. The next meeting date was set.

During our second meeting on May 20, 2024, the SBDC reviewed the Title 1 Process and the development of the Comprehensive Needs Assessment. Teams presented their data for demographics, student learning, and school processes. Data used was: PEIMS information, state and local assessments, discipline data, Campus Climate Surveys, and attendance records. At this time, the information for perceptions was unavailable. The Campus Climate Surveys were provided on May 26, 2024. The data was reviewed and presented to the SBDC on June 6, 2024. We determined that the campus would benefit by focusing on K-2 literacy development, ELAR, Math as well as the parent and student satisfaction. We drafted five goals based on the current data in these areas.

Site Based Decision Making Committee Members:

Laci Crowson (Principal)

Hailey Wied (Assistant Principal)

Frika McCullough (Instructional Coach)

Tina Balleweg (Instructional Coach)

Angela Giarratano (Classroom Teacher)

Danielle Golden (Classroom Teacher)

Lluvia Gomez (Classroom Teacher)

Laura Cruz (Classroom Teacher)

Marva O'Neal (District Representative)

Angela Powers (Community Representative)

MaryAnn Corbello (Parent)

Rachel Settle (Parent)

2.1: Campus Improvement Plan developed with appropriate stakeholders

Our Site Based Decision Committee includes teachers, parents, business representatives, community members, and administrative personnel. In addition, we were sure to include members of the staff that were paraprofessionals and/or part of the special education and ESL departments. Site Based Decision Making Committee Members are listed as follows:

Laci Crowson, Principal

Hailey Wied, Assistant Principal

Analleli Martinez, Admin Assistant

Franciska McCullough, Instructional Coach

Christina Balleweg, Instructional Coach

Hether DePasquale, Academic Facilitator

Annette Nava, ESL Coach

Holly Treece, Librarian

Yvonne Pena, Counselor

Lluvia Gomez, Kindergarten Teacher

Danielle Golden, First Grade Teacher

Laura Cruz, Second Grade Teacher

Diana Alvarez, Fourth Grade Teacher

Angela Giarratano, Fourth Grade Teacher

MaryAnn Corbello, Parent

Rachel Settle, Parent

Angela Powers, Community Partner

2.2: Regular monitoring and revision

Williams Elementary team leaders, campus leadership team, and Site Based Decision Committee work together to monitor, revise and edit the plan throughout the year. Student data is also reviewed to ensure that all students are provided opportunities to meet the challenging academic standards. Intervention groups are formed based on the student data. The SBDM team met on April 24, 2023 and May 20, 2024 to give input for the 2024-2025 CNA, CIP, and Parent Family Engagement Policy/Compact. The CNA and CIP will be reviewed and revised by the campus leadership and SBDC throughout the year.

2.3: Available to parents and community in an understandable format and language

To help parents be informed the campus will provide the following in English and Spanish for families: Campus Improvement Plan, Title 1 Parent Teacher Compact, and the Parent and Family Engagement Policy. These policies will be accessible in the locations for parents and community members: campus website, the school's front office, at parent and family engagement activities, and in the State and Federal Programs Office at the district's administration building.

2.4: Opportunities for all children to meet State standards

We will provide tutorials, individualized instruction support, and materials during accelerated instruction and small groups for at risk students in order to close gaps and academic deficits and for enrichment to ensure growth of all students. Teachers will implement common assessments by using district created majors (when available) to ensure rigor and alignment. During PLCs staff will disaggregate, analyze, and share results to track patterns and performance to adjust Tier 1 instruction ensuring all students meet state standards and focus on growth of all sub pops during small group instruction. Ensure all staff receive adequate trainings and instructional supports during their PLCs.

2.5: Increased learning time and well-rounded education

Each grade level identifies individual students who need additional learning time to meet standards. Students are grouped and receive additional support during tutorials and accelerated instruction (GROW) time.

2.6: Address needs of all students, particularly at-risk

We regularly hold MTSS/Kid Watch meetings for staff to discuss and track students of concern and track at-risk. Each grade level identifies individual students who need additional learning time to meet standards. Students are grouped and receive additional support during before school tutorials, and accelerated instruction (GROW) time.

3.1: Annually evaluate the schoolwide plan

Williams Elementary team leaders, campus leadership team, and Site Based Decision Committee work together to monitor, revise and edit the plan annually.
