DATE JUNE 7, 2021 – JUNE 11, 2021 (At Foster HS)

TIME: 8:15-3:30, MONDAY-FRIDAY

WHO: 6, 7, and 8th GRADE STUDENTS WHO ARE CURRENTLY SERVED AS ENGLISH LANGUAGE LEARNERS ARE ELIGIBLE

TRANSPORTATION AND MEALS

Schedule: Monday through Friday, 8:15 AM to 3:30 PM.	Transportation: Transportation will be provided in the morning and after school between LCISD Elementary schools and the LCISD summer school locations.
Meals: Breakfast and lunch will be provided free of charge	

Instructional/Linguistic Focus: Students will participate in a week-long interdisciplinary engineering program. Students will participate in multiple projects that challenge and stretch their knowledge of the science TEKS. They will develop academic language proficiency as they work collaboratively to solve various engineering challenges. Students will explore several academic fields related to engineering including physics, aerodynamics, mechanics, and coding. All lessons are sheltered using the *Talk, Read, Talk, Write*, lesson format and are aligned to the TEKS, ELPs, CCRs, and TA TEKS. English learners will be able to utilize the four domains of language acquisition (listening, speaking, reading, and writing) within each project to address federal and state language acquisition standards and goals.

There will be a virtual parent night on Tuesday, May 25, 2021, on Zoom from 6:00 – 7:00 to inform parents of the STEAM academy language and instructional goals students will achieve when participating in this academy.
