Articulation Agreement  
2015 - 2016  

A Partnership Between  
Wharton County Junior College and  
Lamar Consolidated Independent School District  

A. Student Eligibility Requirements  
   a. Students enrolled in public high schools are eligible to enroll in and receive high school credit for courses eligible for articulated credit.  
   b. Additional award of college credit requires that students meet all general requirements outlined below.  

B. Faculty and Staff Qualifications  
   a. School Districts are responsible for ensuring that a teacher meets the qualifications for Advanced Technical Credit before identifying the course as an articulated course on a student’s Academic Achievement Record.  
      i. Teachers should have earned a baccalaureate degree, or higher, in a field related to the instructional area. In specific instruction areas and where permitted by secondary certification requirements, a teacher may hold a minimum of an associate degree.  
      ii. Teachers should be certified to teach secondary courses in the appropriate instructional area or possess at least an associate degree in a field directly related to the subject area, baccalaureate preferred, and a minimum of three years of related work experience other than teaching and have a deficiency plan for certification.  
      iii. Teachers of courses eligible for inclusion in a post-secondary workforce education program that is subject to accreditation by external agencies and/or that prepare students for licensure or certification must comply with the qualifications required by the external agency.  
   
   b. Teachers of statewide-articulated courses should meet with college faculty annually to review the TEKS/WECM alignment.  
   c. Teachers of locally articulated courses must meet with college faculty annually to review the TEKS/WECM alignment.

</table>
b. All courses listed in the agreement shall be taught to college standards and include all elements listed in the Technical Course Alignment Manual (TCAM) for statewide articulated courses and the Workforce Education Course Manual (WECM).

F. Criteria for Award of College Credit
a. The student must complete any prerequisites required for the articulated course with a grade of 80 or better.
b. The student must successfully complete the articulated course with a grade of 80 or better.
c. The student must have completed the course, or final course, in an articulated course sequence with junior or senior standing.
d. The student must enroll at Wharton County Junior College within 15 months of high school graduation.
e. The student must successfully complete 6 additional, non-development college credit hours in a related subject area.
f. The student must declare a college major that includes the equivalent college course(s) in the degree plan.
g. The college course must be in Wharton County Junior College’s Course Inventory for credit to be granted.

h. The student must petition for award of articulated credit by completing the “Request for Articulated Credit” form in the Registrar’s Office and submitting an official high school transcript.

G. Transcripting of Credit

a. The School District must use the correct PEIMS course number and abbreviation for students taking enhanced-context courses for statewide articulation.

b. Articulated courses will count as an advanced measure for the Distinguished Achievement Program.

c. Students will not be charged any fee for transcripting the course.

This articulation agreement is developed based on the most current guidelines for high school graduation requirements, but is subject to change depending on Texas legislative actions.
