High School Articulation Agreement

This agreement is entered into by Culinary Institute LeNôtre (CIL) and All High Schools in the Lamar Consolidated school district for all school years, unless otherwise revised.

A. Award of Transfer Credit for approved courses

CIL agrees to award a transfer credit to any student enrolled in the CIL for courses in the following approved course list if minimum requirements outlined in this Agreement and the CIL course outcome profiles are met, and the courses are listed in the CIL’s catalog and are part of a relevant Diploma or AAS degree plan selected by the student.

CIL agrees not to impose additional institutional requirements, other than requirements applicable to all students for application and admission, for award of a tuition scholarship for courses in the enclosed list, nor deny the award of a tuition scholarship based on additional institutional requirements.

B. High School Student Eligibility for Transfer Credit

1. Students enrolled in public or private high schools are eligible to enroll in and receive a transfer credit for the approved courses in the programs at CIL.

2. Documenting Successful Course Completion

   a) Course Grades—To be eligible for the award of the transfer credit for courses listed in this Agreement, a student must meet the following minimum course grade requirements while enrolled in the high school course:

      i. A student must successfully complete with a minimum grade of 80 percent or ‘B’ grade, all courses designated as prerequisites or co-requisites for articulated courses.

      ii. A student must successfully complete the articulated high school course, meet minimum content outcome requirements for the course as outlined, and receive a minimum grade of 80 percent or ‘B’ grade.

   b) Documents, such as course outcome profiles, end-of-course exams, or external certification, that verify that a student has met minimum course competencies for articulated courses should be maintained by the independent school district as part of a student’s record.
C. High School Faculty Qualifications

In order for high school faculty to teach courses designed for articulation with the CIL, they should meet qualifications for faculty in associate degree programs outlined in the ACCSC Standards of Accreditation Section III—Faculty below:

“Faculty teaching technical and occupationally related courses in an academic associate or baccalaureate degree program must have a minimum of four years of related practical work experience in the subject area(s) taught and possess a related degree at least at the same level of the course the faculty member is teaching. In exceptional cases, outstanding professional experience and contributions to the occupational field of study may be substituted for a formal degree. In such instances, the faculty member must possess a minimum of eight years of related practical work experience and the school must justify and document on an individual basis the outstanding professional experience and contributions to the occupational field.”

D. Posting Transfer Credit to CIL Transcripts

1. General Requirements:
   - A written request using a CIL Application Agreement Form is presented by the high school students to the CIL. CIL will provide a financial package estimate to include the Transfer Credit Amount;
   - The student completed the course, or final course in an approved course sequence, with junior (grade 11) or senior (grade 12) standing with a minimum grade of 80 percent or ‘B’ grade; and high school transcript is presented;
   - The student enrolls in the CIL college after successful completion of high school;
   - The college-equivalent course or courses should apply to the student’s intended program.

2. High School courses completed prior to 15 months before entrance to CIL will be approved on a case-by-case basis.
3. Articulated and transfer credit for courses taken at other institutions will be included on a student’s transcript as “credit only” and will not be counted toward the student’s cumulative grade point average.
4. The number of approved course credits that can be earned by a student is only limited by the approved course list established between CIL and the student’s high school.

E. Renewal of Transfer Credit Agreement

Renewal of this agreement is automatic. One year notice is required in the event that one or both parties decide to cancel the agreement.
High School Articulation
Transfer Credit Agreement

To be completed for each course to be considered for Transfer Credit with CIL.
