2. Meet all graduation requirements.

3. Meet the admission standards of The Art Institute of Houston for an Associate Degree.

4. Completed all 12\textsuperscript{th} grade course work at grade level mastery.

5. Receive a diploma that verifies the above credentials.

6. Have definite plans for post-secondary training/education and enter program without remediation.

It is our intent to provide and educational opportunity to a target group of high school students who want to pursue a college degree in the Applied Arts. Through the courses of study you provide, we are willing to provide advance placement credit resulting in a reduction in the overall tuition for the program. (See program grid).

In addition, the high school instructor or school representative must advise the AiH representative annually of any changes to curriculum.

If this is agreeable, please sign and return one copy of the letter and agreement to the attention of Gary Eaton at The Art Institute.
