

Morgan Elementary Exception Guidelines

Morgan Elementary will open in January 2022. However, the school will function independently on the Huggins Elementary campus during the fall 2021 semester.

All current 4th-grade students at Huggins Elementary have the ability to remain at their current campus for the upcoming school year via our exception process.

The exception process is only applicable to the students described above. Younger siblings of these students are not eligible.

Transportation will not be provided to any student receiving an exception.

No action is necessary for students who will attend the school to which they are zoned.

The exception application will be available in the front office of Huggins Elementary School or online at www.lcisd.org.

The exception application deadline is Friday, April 9 of the 2020 - 2021 school year. Please have all exception applications completed and returned to the Assistant Superintendent of Elementary Education.
