CONSIDER APPROVAL OF THE LAMAR CONSOLIDATED INDEPENDENT SCHOOL DISTRICT COMPREHENSIVE ANNUAL FINANCIAL REPORT FOR THE 2010 - 2011 YEAR

RECOMMENDATION:

That the Board of Trustees consider approval of the Lamar Consolidated Independent School District Comprehensive Annual Financial Report for the 2010-2011 fiscal year as presented.

IMPACT/RATIONALE:

A draft of the Lamar CISD Comprehensive Annual Financial Report (CAFR) for the 2010-2011 fiscal year is enclosed for your review. This report is comprised of three sections. The introductory section includes district information and a letter of transmittal. The financial section includes the auditors’ report, various financial reports and notes, and required supplementary information. The last section includes unaudited statistical data which has been updated to comply with Governmental Accounting Standards Board (GASB) 44, Economic Condition Reporting: The Statistical Section put into place during fiscal year 2005-2006.

A representative of Null-Lairson will be present to comment on the Annual Report and respond to any questions.

CONSIDER APPROVAL OF BUDGET AMENDMENT REQUESTS

RECOMMENDATION:

That the Board of Trustees consider approval of budget amendment requests as attached.

IMPACT/RATIONALE:

The proposed amendments represent budget amendments that require school board approval because budgeted funds are being reallocated between functional categories and/or new budgets are being established.

PROGRAM DESCRIPTION:

Budget amendments are mandated by the state for budgeted funds reallocated from one functional level, and state and/or federal project to another. These budget changes are usually the result of unexpected levels of expenditures in certain categories and amendments are for legal compliance. Other budget amendments are determined by the school board.

Since the operating budget for LCISD is adopted at the functional level, budget revisions are required for reallocations between functional levels or when new budgets are being established. All necessary budget amendments must be formally adopted by the school board and recorded in the board minutes. CONSIDER APPROVAL OF SUPERINTENDENT PRIORITIES FOR 2011-2012

RECOMMENDATION:

That the Board of Trustees approve the superintendent priorities for 2011-2012.

IMPACT/RATIONALE:

In September, the board and superintendent participated in their annual Teambuilding Session led by Bill Nemir, a consultant with the Texas Association of School Boards. The team reviewed the 2010 priorities and developed five priorities for 2011-2012.

The superintendent reviewed the report and developed a set of evaluation goals related to the priorities and expectations.

Agenda

- Introductory Remarks and Review of Roles
- Review of Priorities for Administration 2010-11
- Discussion/Selection of Priorities for 2011-12
  - Discussion of Expectations for Each Priority
- Discussion of Other Team Issues
- Listing of Next Steps
Summary of Session

The consultant opened the session with a review of effective corporate functioning by a board and a brief discussion of the structural differences between appointed boards in corporations and elected boards in school districts. He noted the difficulties that the manner of selection of school board members makes corporate functioning of the board more difficult while not lessening its crucial importance for the effective and efficient operations of the district. He then reviewed the TASB governance clock with the board, noting the points on the clock where boards can make a real difference to a district.

Following this introduction, the board reviewed the priorities from last year and the superintendent gave a brief summary of actions taken and results obtained over the past year in regard to the board’s priorities and expectations. He included brief comments on some of the challenges facing the district in the coming year with regard to finances and the new accountability system.

The board then reviewed the basic priorities from last year and reaffirmed that the priorities remained the same. Questions were raised about priority number four, pertaining to safety and security, remaining a priority, since the original initiatives behind this priority, which addressed ensuring the district had appropriate and adequate hardware and systems in place, have been fully addressed. However, the board felt that last year’s initiative regarding programs to prevent and procedures to address incidents of bullying and harassment needed continued attention. They reaffirmed the priority along with the others.

The board then discussed the state of the district with regard to each of the priorities and the challenges ahead. At the conclusion of each discussion, the board articulated its expectations with regard to each for the coming year. The board instructed the consultant to draft expectations in line with its discussion of each issue. The superintendent reaffirmed that subsequent steps in the process would include his discussing the expectations with senior staff and structuring their job targets around the expectations.

The board had a brief discussion of the need to redistrict over the coming year in response to the census and decided to add an expectation to priority five, regarding efficient operations, to ensure the redistricting process stays on schedule.

The revised list of priorities and expectations appears on the following pages.
Draft Priorities for the District and Administration 2011-12

The board and superintendent agreed to maintain the following five priorities as priorities for the district in 2011-12. Expectations of the board were revised in accord with the districts’ current progress on initiatives and recent developments in the district and state that will affect district operations.

District Priority One: Continue to make improvements and advancements in the instructional program.

Expectations of the Board

■ Based on spring 2012 testing, all campuses will meet AYP.

■ In spring 2012, the district will maintain or improve its completion rate.

■ As the state’s new assessment program (STAAR) is rolled out, the superintendent will see that staff, the board, and the community are educated about the program and its impact on the LCISD instructional program. The superintendent will see that the administration adjusts instructional practices and processes accordingly and will provide periodic reports to the board of activities to ensure the district is prepared for the change.

■ As state guidelines for determining college readiness are developed, the superintendent will oversee the necessary adjustments to the district’s curriculum, staff development program, and instructional program to promote ongoing growth in the percent of LCISD students who are deemed college ready.

■ The superintendent will continue to provide periodic reports to the board on options for innovative instructional programs and instructional arrangements as the district plans for growth.

District Priority Two: Continue planning for expected growth within the current economic climate.

Expectations of the Board

■ The superintendent will develop with staff an appropriate communications program regarding the November bond election to ensure the public is informed about the impact of the bond program on the district if passed and the costs that will be incurred by the district if the package fails to pass.

■ The superintendent will develop a contingency plan in the event that the electorate does not approve the bond issue. The contingency plan will include a listing of the short-term and longer-term needs of the district absent the bond, the costs to the district, and a prioritized schedule for meeting them.
The superintendent will develop a timeline of “next steps” if the bond issue is approved and an implementation plan for the initial stages of the projects covered by the bond.

The district will explore creation of a plan to promote commercial development in the district as a means of encouraging community growth and increasing district revenues. The superintendent will work with staff and the board to outline approaches to district-initiated commercial growth efforts.

**District Priority Three: Continue improvements in career and technology education.**

**Expectations of the Board**

- The district will implement year five of the five-year plan as proposed. The superintendent will provide a summary to the board of projects and progress as a part of each quarterly report.

- During the 2011-12 school year, the superintendent will provide the board with an update on the state of the career and technology education program in the district. The update will include an assessment of the success of the program, including information on student participation, student achievement in the program, and the efficiency of program operations. The update will also include recommendations for ongoing improvements in the program, in the spirit of the original five-year plan. As a part of the recommendations, the superintendent will include options for expanding the scope and reach of the program.

**District Priority Four: Continue improvements to the safety and security of the district’s schools.**

**Expectations of the Board**

- The district will continue monitoring consistent implementation of the district’s existing procedures regarding school safety and security. Special attention will be paid to consistent implementation of procedures related to bullying and harassment.
Draft Priorities for the District and Administration 2011-12

District Priority Five: Continue improvements to efficiencies in district operations.

Expectations of the Board

- The superintendent will explore options and develop contingencies necessary for presenting a balanced budget to the board for 2012-13, in the face of expected additional cuts in state funding.

- The district will begin development of the next five-year plan for Information Technology (IT). The work will begin with an assessment of the success of the current plan in meeting and anticipating IT needs.

- The superintendent will develop for the board a succession plan for covering the position of the superintendent and the job responsibilities of senior staff. The board will consider developing a policy institutionalizing an annual review and, as necessary, revision of the succession plan.

- The district will complete the process of realigning single-member board districts in a timely fashion.

Next Steps

- The board will review the draft priorities and expectations above and revise or modify in whatever manner the board wishes.

- The board will adopt the priorities and expectations.

- Once the expectations are adopted, the superintendent will work with staff to propose measures for meeting the expectations, on which the board can assess superintendent performance in the coming year.
CONSIDER APPROVAL OF BOARD CALENDAR FOR 2012

RECOMMENDATION:

RECOMMENDATION:

That the Board of Trustees approve the student/staff instructional calendar Option #1 (attached) for 2012-2013, as recommended by the Districtwide Student Improvement Council (DSIC).

IMPACT/RATIONALE:

At a meeting held on November 2, the DSIC, a districtwide committee of teachers, parents and administrators, reviewed two calendar proposals developed by the administration. The DSIC members were asked to discuss the two proposals presented with their campus staff and to submit any new recommendations. One new proposal was submitted.

The DSIC met on January 4 and after lengthy discussion, the committee called for the vote. The vote was as follows:

Option 1 – later start, two weeks for Winter Break (same as current calendar)– 48 votes
Option 2 – Winter Break starts earlier and ends earlier – 3 votes
Option 3 – full week at Thanksgiving, shorter Winter Break - 0 votes

Comments collected from DSIC that supported the selection of Calendar Option #1 are as follows:

- This calendar provides for a more evenly balanced number of instructional days in the fall and spring semesters taking into consideration the days used for testing in the spring.
- The fall semester ends and exams are given before the winter holidays for secondary students.
- Staff desires two full weeks for travel during the winter break since the Thanksgiving break is too short to travel out of state and is consistent with many custody arrangements.
- The August 27 start day is a week later, but complies with the state requirement.
- Many staff members and parents like having President’s Day as a student holiday/district staff development day since it is a holiday for many businesses.

PROGRAM DESCRIPTION:

The calendar presented for adoption is based on the instructional requirements of the district and follows state legislative guidelines. The calendar recommended for approval provides 178 Instructional Days, 2 1/2 Teacher Work Days, 6 1/2 Staff Development Days, 89 instructional days both semesters for elementary and 80 instructional days in the fall semester and 98 instructional days in the spring semester for secondary.

CONSIDER APPROVAL OF RESOLUTION PROCLAIMING BLACK HISTORY MONTH

RECOMMENDATION:

That the Board of Trustees approve the attached resolution proclaiming February 2012 as “Black History Month” in Lamar Consolidated Independent School District.

IMPACT/RATIONALE:

National Black History Month is celebrated during February each year to recognize the rich heritage and significant contributions of persons of African-American heritage, both past and present.

Lamar CISD schools have planned a wide variety of special activities to observe Black History Month during February.

Resolution

Whereas, Black History Month is celebrated throughout the United States during the month of February; and

Whereas, Black History Month recognizes the rich heritage and significant contributions to American life of persons of African-American heritage; and

Whereas, schools are in a unique position to share an appreciation of the heritage and accomplishments of African-Americans among children from all races and backgrounds; and

Whereas, LCISD schools commemorate Black History Month with special activities and observances;

Therefore, be it resolved that the Trustees of the Lamar Consolidated Independent School District declare February 2012 as Black History Month in the Lamar Consolidated Independent School District and encourage members of our community to share in this celebration of American heritage.

Adopted this 19th day of January 2012 by the Board of Trustees.

CONSIDER APPROVAL OF RESOLUTION PROCLAIMING
SCHOOL COUNSELOR WEEK

RECOMMENDATION:

That the Board of Trustees approve the attached resolution proclaiming the week of February 6 – 10, 2012 as “School Counselor Week” in the Lamar Consolidated Independent School District.

IMPACT/RATIONALE:

Professional counselors are valuable members of the educational teams in schools. They contribute to the development of children through guidance, counseling, consultation, coordination, assessment, and program management.

School counselors also work with parents, teachers, administrators, and the community to optimize student learning. They are important resource persons in understanding and responding to student behavior.

School counselors respond daily to crises in students’ lives. These crises include issues such as suicide, abuse, drug and alcohol use, pregnancy, and family problems.

Submitted by: Christy Willman, Executive Director of Community Relations

Resolution

Whereas, school counselors are employed in public and private schools to help students reach their full potential; and

Whereas, school counselors are actively committed to helping students explore their abilities, strengths, interests and talents as these traits relate to career awareness and development; and

Whereas, school counselors help parents focus on ways to further the educational, personal and social growth of their children; and

Whereas, school counselors work with teachers and other educators to help students explore their potential and set realistic goals for themselves; and

Whereas, school counselors seek to identify and utilize community resources that can enhance and complement comprehensive school counseling programs and help students become productive members of society;

Therefore, be it resolved that the Trustees of the Lamar Consolidated Independent School District recognize the importance of comprehensive developmental school counseling programs which are considered an integral part of the educational process that enables all students to achieve success in school and declare the week of February 6-10, 2012, as School Counselor Week in the Lamar Consolidated Independent School District.

Adopted this 19th day of January 2012 by the Lamar Consolidated Independent School District Board of Trustees.

CONSIDER APPROVAL OF BOARD POLICY

RECOMMENDATION:

That the Board of Trustees approve first reading of policy EIA – Academic Achievement: Grading/Progress Reports to Parents.

PROGRAM DESCRIPTION:

The primary function of the Board of Trustees is to adopt policies for the operation of the District. Attached is a copy of EIA(LOCAL). Local policies are customized to provide a procedure to enforce the legal policies and district guidelines.

Recommended for approval:

Dr. Thomas Randle
Superintendent
The District shall establish instructional objectives that relate to the essential knowledge and skills for grade-level subjects or courses. These objectives shall address the skills needed for successful performance in the next grade or next course in a sequence of courses.

Assignments, tests, projects, classroom activities, and other instructional activities shall be designed so that the student’s performance indicates the level of mastery of the designated District objectives. The student’s mastery level shall be a major factor in determining the grade for a subject or course.

The Superintendent or designee shall ensure that each campus or instructional level develops guidelines for teachers to follow in determining grades for students. These guidelines shall ensure that grading reflects a student’s relative mastery of an assignment and that a sufficient number of grades are taken to support the grade average assigned. Guidelines for grading shall be clearly communicated to students and parents.

In accordance with grading guidelines, a student shall be permitted to redo an assignment or retake a test for which the student received a failing grade.

When required by state law, a student’s score on the initial end-of-course (EOC) assessment shall count for 15 percent of the student’s final grade for the course as reported on the student’s transcript.

If a student retakes an EOC assessment during the first official administration after receiving a failing grade for the course, the District will include the retake score as 15 percent of the final course grade only if the retake score allows a student to gain credit for the course. Subsequent retakes will not be included in the calculation of the final course grade.

A student’s ARD committee shall determine the type of assessment to be administered and how the score on an EOC assessment shall be used for final course grades, credit decisions, and graduation requirements.

Calculation of grades with EOC assessment scores shall be in accordance with the District’s grading guidelines.

Grade reports shall be issued at the end of every grading period. The District shall issue grade reports/report cards every six weeks on a form approved by the Superintendent or designee. Performance shall be measured in accordance with this policy and the standards established in EIE.

Interim progress reports may be issued at the teacher’s discretion; however, notice of a student’s consistent unsatisfactory performance shall be issued at the mid-way point of each grading period in accordance with law.
CONFERENCES
In addition to conferences scheduled on the campus calendar, conferences may be requested by a teacher or parent as needed.

ACADEMIC DISHONESTY

A student found to have engaged in academic dishonesty shall be subject to grade penalties on assignments or tests and disciplinary penalties in accordance with the Student Code of Conduct. Academic dishonesty includes cheating or copying the work of another student, plagiarism, and unauthorized communication between students during an examination. The determination that a student has engaged in academic dishonesty shall be based on the judgment of the classroom teacher or another supervising professional employee, taking into consideration written materials, observation, or information from students.
CONSIDER APPROVAL OF DONATIONS TO THE DISTRICT

RECOMMEDATION:

That the Board of Trustees approve donations to the district.

IMPACT/RATIONALE:

Policy CDC (Local) states that the Board of Trustees must approve any donation with a value in excess of $2,500.

PROGRAM DESCRIPTION:

The John C. & Carolyn Noonan Parmer Private Foundation donated $3,000 to 1621 Place.

Reliable Commercial Roofing Services donated $6,000 to the 5K Fun Run at B.F. Terry High School.

CONSIDER APPROVAL OF AMENDMENT #5 TO THE GILBANE BUILDING COMPANY PROGRAM MANAGEMENT AGREEMENT

RECOMMENDATION:

That the Board of Trustees approve amendment #5 to the Gilbane Building Company program management agreement to provide program management for the 2011 Bond Referendum in the amount of $8,842,985.

IMPACT/RATIONALE:

On December 15, 2011 the Board of Trustees authorized the superintendent to negotiate a contract for program management of the 2011 bond referendum. Attached is a copy of amendment #5. In addition, a $1,000,000 performance incentive will be available to Gilbane through a mutually agreed upon evaluation criteria.

PROGRAM DESCRIPTION:

Upon approval Gilbane Building company will begin the program management of the 2011 Bond Referendum.

PROGRAM MANAGEMENT AGREEMENT
AMENDMENT NO. 5

The original Agreement dated December 19, 2003, between Lamar Consolidated Independent School District (Owner) and Gilbane Building Company (Program Manager) is amended as follows:

ARTICLE 1
PURPOSE

1.01 The purpose of this Amendment is to extend the Program Management services of Gilbane Building Company for the 2011 Bond Program. Services are in connection with the projects included in the 2011 Bond Program as listed in Attachment A. This Amendment No. 5 supplements the original Agreement and Amendment No. 1, No. 2, No. 3, and No. 4, but does not in any way modify the terms of the Agreement with Amendment No. 1, No. 2, No. 3 and No. 4.

ARTICLE 5
PROGRAM MANAGER’S SERVICES

5.01 The Program Manager shall perform the following services in addition to those services defined in the original Agreement dated December 19, 2003:

Energy Conservation Review and Recommendations

ARTICLE 9
SCHEDULE

9.01 The services to be provided under this Amendment shall be in general accordance with the following schedule, which may have changed upon mutual agreement between the Owner and Program Manager.

- Start Projects by – January 1, 2012
- Substantially Complete all Projects by – June 1, 2016
- Complete Warranty Period – June 1, 2017
ARTICLE 10
PROGRAM MANAGER’S FEE

10.01 In consideration of the performance of this amendment, the Owner agrees to pay the Program Manager a lump sum of $8,842,985 for the 2011 Bond Program payable monthly based upon a percentage complete, allocation in accordance with Attachment A.

The Owner has agreed, as an incentive for the 2011 Bond Program to award the Program Manager up to an additional $1,000,000 to be earned through their performance based on a mutually agreeable evaluation criteria to be developed between the Owner and Program Manager within ninety (90) days of the execution of this amendment. The $1,000,000 potential incentive pool shall be funded from savings achieved from the overall project cost budgets in the deliverance of the 2011 Bond Program.

RECOMMENDATION:

That the Board of Trustees authorize the administration to utilize competitive sealed proposals as the construction method of procurement with the evaluation criteria (attached) for the construction of the New Elementary #22, the New Polly Ryon Middle School, and the build out of the George Ranch High School shell space.

IMPACT RATIONALE:

The Texas Education Code 44.031 defines the methods of procurement available to the District for purchases totaling $50,000 or more. In addition, the Texas Government Code 2267 requires the Board of Trustees to specify which method of procurement will be used before any construction project is advertised and released for bids. The authorization given with this motion will allow the administration to proceed with solicitation of competitive sealed proposals for the construction of the New Elementary #22, the New Polly Ryon Middle School, and the build out of the George Ranch High School shell space.

PROGRAM DESCRIPTION:

The competitive sealed proposal method of procurement promotes competitive pricing among the bidders, but allows negotiations between the District and the selected contractor(s) before the contract is finalized. As the District must state its selected method of procurement, as well as the evaluation criteria in the notice to bidders, this authorization will allow the administration to proceed with securing offers for the Board’s consideration and approval.

CONSIDER APPROVAL OF CHANGE ORDER #2 FOR THE SATELLITE TRANSPORTATION CENTER

RECOMMENDATION:

That the Board of Trustees approve change order #2 in the amount of $183,260.09 to the contract with Pepper-Lawson Construction and budget as necessary.

IMPACT/RATIONALE:

Change order #2 will increase the scope of work to the Satellite Transportation Center and increase the contract time an additional 120 days. Additional landscaping and a berm will add better screening on the eastern and southern boundaries. Included in this change order is an upgrade to install a power track system in the Network Operations Center. Funding for change order #2 will come from available funds within the Satellite Transportation Center project.

PROGRAM DESCRIPTION:

Upon approval the contract with Pepper-Lawson Construction will be increased to cover the costs of the items listed on change order #2 and the contract with Pepper-Lawson will be extended to April 29, 2012.

CONSIDER APPROVAL OF ARCHITECT CONTRACT

RECOMMENDATION:

That the Board of Trustees approve PBK Architects for the design of the George Ranch High School build out construction project and allow the superintendent to begin contract negotiations.

IMPACT/RATIONALE:

On November 8, 2011, a bond referendum was approved that included the George Ranch High School build out construction project. Since PBK Architects designed the George Ranch High School, the administration and the program manager (Gilbane) recommend that contract negotiations begin immediately with PBK Architects for the construction of the George Ranch build out project.

PROGRAM DESCRIPTION:

Upon approval PBK Architects will have the specifications ready for the George Ranch build out to bid as an alternate with the Polly Ryon Middle School project.

CONSIDER APPROVAL OF STANDPIPE/FIRE SPRINKLER AND BACK-FLOW SYSTEM INSPECTIONS AND SERVICE

RECOMMENDATION:

That the Board of Trustees approve Kauffman Company for the system inspections and services for standpipe/fire sprinkler and back-flow systems.

IMPACT/RATIONALE:

Competitive Sealed Proposal #02-2012 requested prices for an annual contract for standpipe/fire sprinkler and back-flow system inspections and service. This proposal has two sections: a priced proposal for yearly inspections of standpipe/fire sprinklers and back-flows owned by LCISD; and a labor and material proposal for services to add, maintain, and/or repair the fire sprinklers and back-flows. This work must be performed by the awarded vendor and cannot be subcontracted.

The Maintenance and Operations department worked with the Purchasing department on bid specifications, evaluation, and award recommendation. The evaluation process included a 13-point weighted evaluation system pre-established in the bid.

PROGRAM DESCRIPTION:

This bid will be awarded as an annual contract with the option of renewal for two additional one year periods if both parties agree and terms and conditions remain the same, with the exception of any documented increases in labor, material or disposal costs delineated by the contractor and accepted by the District prior to renewal. This agreement will commence on February 1, 2012.

CONSIDER APPROVAL OF THE UNDERWRITING TEAM FOR ISSUANCE OF SCHOOLHOUSE BONDS

RECOMMENDATION:
That the Board of Trustees approve the underwriting team (the “Team”) for the upcoming issuance of schoolhouse bonds.

IMPACT/RATIONALE:
On November 8, 2011, the bond election totaling $249,159,215 was approved by a majority of the District’s voters. It is expected that the District will sell as much as $100 million of this authorization to fund construction projects over the next two years. To sell bonds by negotiated sale, the District must select a team of investment banks to represent the District in the bond market. Nineteen firms were invited to provide proposals/credentials, of which 16 firms responded. These proposals were reviewed and analyzed by Administration and our financial advisor, First Southwest Company. A scoring system that judged the proposals and firms based on experience in the Texas ISD market, local presence, innovative ideas and coverage, and firm capital was used to determine a ranking of the firms. The Financial Audit Committee of the Board reviewed and commented on the results as well. It is the recommendation of the Financial Audit Committee that the following firms comprise the Team, along with each firm’s allocation:

- Morgan Keegan & Company, Inc. (35%)
- BOSC Inc. (17.5%)
- Wells Fargo Securities (17.5%)
- RBC Capital Markets, LLC (10%)
- Southwest Securities, Inc. (10%)
- Piper Jaffray & Co. and First Public, LLC (10%)

BACKGROUND INFORMATION:
Since 2003, the District has sold all its bonds through negotiated sales, which have been led by underwriting teams of investment banks. The District last sold bonds in 2008, and there have been many changes in the investment banking community since then, so administration determined it would be prudent for the District to seek proposals from firms interested in serving on the Team. Since interest rates are near historical lows and the District’s capital needs have been indentified, the District would like to proceed quickly with the issuance of the bonds. It is anticipated that the bonds will be sold in late February and close in March 2012, which will enable the District to approve contracts for construction at the March board meeting.

CONSIDER APPROVAL OF BOND COUNSEL

RECOMMENDATION:
That the Board of Trustees approve Vinson and Elkins, LLP for bond counsel services for a one year period beginning January 19, 2012, with automatic one-year renewals unless terminated by the District or the Firm, and authorize the Superintendent to negotiate the contract.

IMPACT/RATIONALE:
On November 8, 2011, the bond election totaling approximately $249 million was approved by a majority of the District’s voters. It is anticipated that the District will sell as much as $100 million of this authorization to fund construction projects over the next two years. RFP #26-2011 solicited proposals for bond counsel services in connection with this issuance of bonds. Administration read, analyzed, and evaluated the proposals based on criteria published in the RFP. These results were provided to the Financial Audit Committee of the Board, who then reviewed and commented on the results. Interviews were given to the two firms receiving the highest rankings.

Based on the results of the evaluation process described, the Financial Audit Committee is recommending that Vinson and Elkins, LLP continue its service to the District. It is anticipated that a contract will be drafted that includes a fee structure of $0.75-$0.80 per bond issued and a competitive hourly rate for special projects as they occur. Fees will be evaluated and adjusted as necessary prior to any subsequent bond sales.

BACKGROUND INFORMATION:
Bond Counsel typically provides the services described below:

- Act as the District’s bond counsel,
- Assist in planning and structuring the district’s debt obligation(s),
- Provide legal advice and counsel on bond matters and related proceedings,
- Prepare and review all debt obligation documents necessary or appropriate for the authorization, issuance, sale and delivery of debt obligations,
- Render legal opinions as appropriate (e.g. authorized and valid issuance of bonds; tax status of interest paid on bonds; the source of payment and the security for the debt obligations, etc.),
- Advise on legal use of bond proceeds and the legal investment thereof,
- Advise the District on matters relating to compliance with federal regulations or state laws, and
- Provide other legal services as needed.

CONSIDER APPROVAL OF REQUEST FOR PROPOSAL # 30-2011 FOR MANGED WAN SERVICES

RECOMMENDATION:

That the Board of Trustees approves accepting the proposal for Managed Wide Area Network (WAN) Services from Phonoscope LTD and authorize the Superintendent to negotiate contracts.

IMPACT/RATIONALE:

By approving this proposal, the district satisfies Federal E-Rate requirements permitting the district to request rebates for the purchase of Managed WAN services for the district. Funding will be provided through the Technology department’s operating budget and 2006 Bond. This proposal meets the district’s strategic objectives to provide data connectivity to all the district’s facilities.

PROGRAM DESCRIPTION:

The district’s fiber network will be reconfigured by Phonoscope LTD. Included in the proposal is the establishment of four aggregation sites at the Development Center, George Ranch High School, Foster High School, and the Satellite Transportation Center. The remainder of district sites will be connected to these aggregation sites. The aggregation sites will be connected in high availability ring configuration. Phonoscope will provide the WAN connectivity electronics, manage the services, and monitor the network. An estimated total for these services is $288,000 for non-recurring costs and $360,000 for annual recurring costs. As a part of the Schools and Libraries Division (SLD) of the Universal Service Administration Company (USAC) E-Rate program, the district may be eligible to receive up to a 68% ($244,800 annually) discount on this service. Phonoscope LTD was chosen by evaluating the following criteria: cost, prior LCISD experience, personnel qualifications, implementation team, vendor qualifications, warranty, methods, procedures, timeline, and service model.
