AUDIENCE TO PATRONS

Mr. David Vrshek addressed the Board about the exemption for the over 65 and disabled. He said they are asking LCISD to take fewer tax dollars from those vulnerable senior citizens. He said they believe the District can afford to give this exemption.

Mr. Ted McCoy addressed the Board about the exemption for the over 65 and disabled. He discussed the tax burden this will put on the seniors if the exemption is not given.

Since this was an active agenda item, Mr. Steenbergen allowed the Board to ask questions of the speakers from Del Webb.

Ms. Roberts said one of the speakers said it was going to eventually tax them out of their homes. She said that over the months this has been discussed, she has received very different information. She said if she takes the number of $1.28m and divide it by 9300 people that are over 65, this only is $137 per person per year. She asked where they are getting information that this will tax people out of their homes. Mr. Vrshek said the issue is a person younger that purchases a house, the tax rates keep going up, he said when they hit 65 they are locked in at the higher tax value. Ms. Roberts feels like the numbers they are receiving do not reflect what is being stated. She said the $1.28m literally means about 20 teachers. She reminded him we cannot do anything about the values increasing. Mr. McCoy addressed the comment that not everyone will get the exemption, he said it reinforces it will be even less of a burden for the district to give this if everyone does not get the full amount. He said they are giving us a worst case scenario. He feels the district has the choice to give this exemption instead of putting turf grass at the athletic fields.

Ms. Kaminski asked if the district has reconsidered when the early release days are used. She said she hears from families wondering why they are used before a holiday, saying it is not convenient for them to take off. Ms. Vogt said that different parents have different reactions to it and typically it is driven by their work schedules. She said some of them like it because they leave early for vacation or for the weekend. She said at the elementary level they use them to conduct parent conferences. The secondary level uses them as professional development.

She said the point was to try and get to a wholesale price and not pay a retail price for the goods that are being sold in the concessions. She said ViStar is one of the largest wholesale concession companies in the Houston area. Several companies were contacted and they kept pointing them back to ViStar.

The motion carried unanimously.

Mr. Steenbergen asked about the cost. Ms. Ludwig said that Dr. Randle is still negotiating this contract, but we will reimburse them for salaries, benefits, and administrative fees. She said they provide us with an estimate of cost which is approximately $1.2m.
Mr. Steenbergen asked how often they are on our campuses. Dr. Randle said they are stationed on the secondary campuses and then a rover that goes around and picks up the money, and others are on call to go to elementary campuses if needed.

Ms. Roberts asked if the number of officers has been increased. Ms. Leach said it is the same number that we currently have, which is 12, but the language will allow us to increase or decrease based on the need. Dr. Randle said there is no reason to decrease, but depending on circumstances as to whether we increase.

Ms. Kaminski asked if we pay for their vehicles. Ms. Leach said yes. Ms. Kaminski asked how often there is a turnover on vehicles. Ms. Leach said usually 3-4 years, but depends on several factors. We maintain the vehicles like our other vehicles.

Ms. Kaminski asked if the police officers are on call with the police department when not working with us. Dr. Randle said they are ours unless there is a major emergency, then they could be pulled off. If we have a major emergency, we will get more officers to support us.

9. B-22  
**Consider approval of new use of Facilities Rental Fees**

It was moved by Ms. Danziger and seconded by Ms. Kaminski that the Board of Trustees approve the new Use of Facilities Rental Fees.

Ms. Roberts asked that this be tabled. She was doing research on facility rental fees and ran into a neighboring district that has some different options for nonprofit organizations. She said they are leasing their facilities at pennies as compared to what we are leasing out. She thinks the board might be able to make a better
decision if this information is provided. She said they have a cost recovery for nonprofits.

Ms. Haack said they have discussed the various rentals with neighboring districts. In regards to the cost recovery for the nonprofits it is only if a nonprofit can ensure all the students are zoned to that district.

Ms. Haack said they have worked up an Administrative Regulation that allows the campus principal to approve things that are 2 hours after dismissal, there will be no charge. Ms. Roberts asked about summer. Mr. McKeever said during the summer on Monday through Thursday between 7:30 and 5:30, as long as the campus staff are on contract, it would follow the same guidelines under the Admin Reg.

Mr. Steenbergen asked Ms. Nelson if they have adequate policies to address what Ms. Roberts is requesting and just not spelled out here. Ms. Nelson said the Admin Reg for GKD was written in an effort to support what she is looking for.

Mr. Steenbergen asked Ms. Roberts if she was comfortable. Ms. Roberts said she is not comfortable with not seeing it in one place. Mr. Steenbergen asked if the Board can approve and the administration can do the tidy up work later. Ms. Roberts agreed.

The motion carried unanimously.

Section 12. Information Required by Section 3.009 of the Code.

(a) District’s Outstanding Debt. As of September 1, 2016, the first day of the District’s current fiscal year, the District’s aggregate principal amount of outstanding of tax-supported debt was $719,995,000 and the aggregate amount of outstanding interest on such tax-supported debt was $495,063,870. It is currently estimated that as of September 1, 2017, the first day of the District’s next fiscal year, the aggregate principal amount of outstanding tax supported debt will be $791,650,000 and the aggregate amount of interest on such tax supported debt will be $537,332,449. The District’s ad valorem debt service tax rate as of the date of this Order is $0.35 per $100 of assessed valuation of taxable property in the District.

(b) Issuance of New Debt. The District intends to issue the bonds authorized by the Proposition over a period of years in a manner and in accordance with a schedule to be determined by the Board based upon a number of factors, including, but not limited to, the then current needs of the District, demographic changes, prevailing market conditions, assessed valuations of property in the District and management of the District’s short-term and long-term interest rate exposure. Market conditions, demographics and assessed valuations of property vary based upon a number of factors beyond the District’s control, and therefore, the District cannot and does not guarantee a particular interest rate or tax rate associated with the bonds authorized by the Proposition. As such, the information contained in this paragraph is provided solely for illustrative purposes and does not establish any limitations or restrictions or create a contract with the voters. The District estimates that, based on the District’s current taxable assessed valuation, current market conditions and estimated future growth in the District’s taxable assessed valuation, if the bonds authorized by the Proposition were issued in accordance with the District’s current project finance plan, the District’s ad valorem debt service tax rate would be approximately $[___] per $100 of taxable assessed valuation. or [the maximum interest rate of the bonds is not expected to exceed [___]%].

(c) Additional Information Required by Section 3.009 of the Code. The additional information required by Section 3.009 of the Code is located in Sections 2 and 3 of this Order.

Section 13. Necessary Actions. The President of the Board, the Superintendent of the District, or his designee, acting on behalf of the Board, in consultation with the District’s attorney and bond counsel, is hereby authorized and directed to take any and all actions necessary to comply with the provisions of the Code, the Texas Education Code and the Federal Voting Rights Act in carrying out and conducting the Election, whether or not expressly authorized herein, including making changes or additions to polling places or procedures to the extent required or desirable or as may become necessary due to circumstances arising after the date of this Order. The Superintendent is hereby authorized amend the title of the Proposition if required under the guidelines released by the Texas Secretary of State to implement the provisions of Senate Bill 957 governing the titles of propositions.

Section 14. Severability. If any provision, section, subsection, sentence, clause or phrase of this Order, or the application of same to any person or set of circumstances is for any reason held to be unconstitutional, void, invalid, or unenforceable, neither the remaining portions of this Order nor their application to other persons or sets of circumstances shall be affected thereby, it being the intent of the Board in adopting this Order that no portion hereof or provision
or regulation contained herein shall become inoperative or fail by reason of any unconstitutionality, voidness, invalidity or unenforceability of any other portion hereof, and all provisions of this Order are declared to be severable for that purpose.

CONSIDER APPROVAL OF PURCHASE OF TRUCK TRACTOR FOR TRANSPORTATION DEPARTMENT

RECOMMENDATION:

That the Board of Trustees approve the purchase of one (1) truck tractor to be added to the Transportation Department fleet from Rush Truck Centers of Texas, LP (dba Rush Truck Center, Houston) in the amount of $39,500.

IMPACT/RATIONALE:

The truck tractor will be used to transport equipment to events in which Lamar CISD participates, such as band and athletic events. This award is beneficial to the District as it ensures that the District is compliant with purchasing regulations according to TEC 44.031.

PROGRAM DESCRIPTION:

RFP #25-2017LN requested prices, truck conditions, images, odometer reading, warranty and availability for a pre-owned truck tractor, which would be used for pulling 48’ to 53’ semi-trailers for Lamar CISD.

The Transportation Department worked with the Purchasing Department on proposal specifications, evaluation, and award recommendation.

The truck tractor will be managed by the District Transportation Department. This purchase is requested by the Transportation Department and will utilize local funds.

CONSIDER APPROVAL OF CHANGE ORDER #1 FOR
PINK ELEMENTARY SCHOOL REPAIRS

RECOMMENDATION:

That the Board of Trustees approve change order #1 in the amount of $54,755.57 to the contract with Facility Sources for new marker boards and wall preparation for Pink Elementary School Repairs and authorize the Board President to execute the change order document.

IMPACT/RATIONALE:

The original chalkboards were removed in preparation of installing the new vinyl wall covering. Many of the chalkboards were in poor condition and the current standard is for marker boards in classrooms. All classrooms will receive new marker boards.

The removal of the existing vinyl wall covering left many areas uneven and required floating of the surfaces to receive the new material. This work is concentrated in the public corridors throughout the school and was not anticipated in the original contract documents.

The contractor’s price includes a $16,938 credit for the remaining contingency allowances within their contract. These funds were allocated within the 2014 Bond Budget.

PROGRAM DESCRIPTION:

Upon approval the contract with Facility Sources will be increased by $54,755.57 for new marker boards and wall preparation for Pink Elementary School.

CONSIDER APPROVAL OF CHANGE ORDER #2  
FOR BENTLEY ELEMENTARY SCHOOL

RECOMMENDATION:
That the Board of Trustees approve change order #2 in the amount of $42,175 to the contract with Gamma Construction Company for revision to the scheduled completion date and additional costs for Bentley Elementary and authorize the Board President to execute the change order document.

IMPACT/RATIONAL:
An extension of time is recommended to the actual substantial completion date of December 30, 2016 due to extreme weather events affecting the scheduled completion of Bentley Elementary. The District experienced additional costs to move into the school during the holiday weekend and a credit for costs incurred is included in this change order.

In addition, increased costs to Gamma Construction Company were incurred for the following: fee paid directly to MUD 142 to speed the annexation of the site to benefit Lamar CISD; fee paid to CenterPoint to expedite the relocation of existing power poles to allow work to begin on installing turn lanes on FM 359; and additional work required by TXDOT for milling existing roadway surface and to install additional drainage culverts, curb ramps and precast safety end treatments.

The contractor’s price includes a $5,113 credit for the remaining contingency allowances within their contract. This change order will be the final change order for the construction contract. These funds were allocated within the 2014 Bond Budget.

PROGRAM DESCRIPTION:
Upon approval the contract with Gamma Construction Company will be increased by $42,175 for time extension and additional costs for Bentley Elementary.

INFORMATION ITEM: ADVISE TEXAS PROGRAM

Texas A&M University and Lamar Consolidated Independent School District joined in a memorandum of understanding for the Advise Texas College Advising Corps Program. Advise Texas, housed at Texas A&M University, places recent college graduates of the university as college advisers in high schools state-wide. Advisers work in collaboration with high school counselors, teachers and administrators to increase college-going rates in the high schools they serve. Advisers provide admissions and financial aid advising to students and their families through one-on-one and group sessions that help students identify colleges that will serve them well; complete their admissions and financial aid applications; and enroll successfully at the college or university they eventually choose. The Advise TX program has three main goals: to increase the college-going rate at partner high schools; to expand the range of colleges and universities to which students apply and in which they enroll; and to assist principals, counselors and teachers in fostering a college-going culture.

The purpose of the MOU is to provide and appoint one adviser from the Advise TX program at the university to Terry High School.

Resource Person: Leslie Haack, Executive Director of Secondary Education
Texas A&M Chapter of Advise TX Memorandum of Understanding
among
Texas Higher Education Coordinating Board, Texas A&M University, and Lamar Consolidated Independent School District

Parties

This is a Memorandum of Understanding ("MOU") among the Texas Higher Education Coordinating Board ("THECB"), Texas A&M University ("University"), and Lamar Consolidated Independent School District (hereafter referred to as "Lamar CISD" and/or the "high school") relating to the Advise TX College Advising Corps program (hereafter sometimes referred to as "The Advise TX program", "Advise TX", or as "the project").

THECB is understood, for the purposes of requesting information necessary for the implementation of this MOU, to include the Texas Higher Education Coordinating Board and its officers, employees, designated Advise TX contractors, designated Advise TX grantees, and other designated Advise TX agents (which include Texas A&M University, the College Advising Corps ("CAC"), and CAC's contracted evaluation team).

Lamar CISD and/or the high school(s) is understood, for the purposes of this MOU, to include:

B.F. Terry High School

Collectively hereinafter the parties to this MOU will be referred to as "Parties" or, individually, as "Party."

Statement of Purpose and Services to be Performed

The Advise TX program is housed at chapter public and private colleges and universities across the state, including at Texas A&M University. Advise TX is a program administered by the THECB which implements the CAC program model of placing recent college graduates as full-time "near-peer" advisers in targeted Texas high schools ("Advisers"). Through grant funds provided by THECB, the University employs advisers and project staff to carry out the project. Advise TX is an education program as defined in 34 CFR § 99.3. THECB has awarded funds to Texas A&M University for the 2017-2018 academic year to continue the Advise TX program at high schools throughout the state, including at high schools in Lamar CISD. The Texas A&M University Office of Admissions serves as the University representative office for this program.

Advisers work in collaboration with high school counselors, teachers, and administrators to increase college-going rates in the high schools they serve. Advisers provide admissions and financial aid advising to students and their families through one-on-one and group sessions that 1) help students identify colleges; 2) complete their admissions and financial aid applications; and 3) with the enrollment process at the college or university of student's choice. The Parties agree that the Advisers are school officials pursuant to 34 CFR § 99.31(a)(1)(i)(B). The Advise TX program has three main aims: to increase the college enrollment rate at partner high schools; to expand the range of colleges and universities to which students apply and in which they enroll; and to assist principals, counselors, and teachers with fostering a culture where students pursue higher education.

One of the purposes of this MOU is to provide and appoint one Adviser (subject to funding availability) from the Advise TX College Advising Corps to each of the Lamar CISD high schools identified herein.

THECB, the University, the Lamar CISD, and each participating high school in the Lamar CISD agree to the following three main goals/aims during the project:

1. Work collaboratively to develop and implement programs and services that (a) foster access to postsecondary education and (b) include all students who wish to participate and who work in good faith to do so.
2. Work collaboratively to (a) outline current school-based efforts to foster access to postsecondary education; (b) review Advise TX programs and services to ensure that they complement and extend these existing efforts; and (c) establish clear and mutually agreeable timelines for the implementation of Advise TX programs and services.
3. See the Adviser as an enthusiastic, sympathetic, and well-trained resource for students, but not as an expert on college access or success.

An additional purpose of this MOU is to set forth the terms and conditions under which Lamar CISD will permit THECB, the University, and the Advisers to access and/or otherwise use student record data collected by Lamar CISD which contains Personally Identifiable Information ("PII"), as defined in 34 CFR § 99.3 and is therefore subject to the Family Educational Rights and Privacy Act ("FERPA"), 20 USC § 1232g (such PII is herein referred to as “FERPA Data”). Lamar CISD’s disclosure of FERPA Data to THECB, the University, and the Adviser will be for the purposes of (1) THECB and the University conducting an ongoing program evaluation pursuant to 20 USC § 1232g(b)(1)(C), (b)(3), and (b)(5); 34 CFR § 99.35 ("the Audit and Evaluation exception") and (2) the Advisers performing an institutional service or function for which the Lamar CISD high schools would otherwise use employees pursuant to 20 USC § 1232g(b)(1)(A); 34 CFR 99.31(a)(1) ("the School Officials Exception").

The University agrees to the following terms during the project:

1. Identify, recruit, and appoint one Adviser to serve each of the Lamar CISD high schools identified herein for an average of 40 hours per week for the period of August 14, 2017 – June 17, 2018.
2. Provide necessary and ongoing training, support, and professional development that will allow the Adviser to fulfill his or her responsibilities to the high school and its students, including to ensure the Adviser complies with the FERPA provisions in this MOU.
3. Provide assurance that all employees, subcontractors and volunteers of Advise TX who have contact with students have passed a criminal history background check current within the last year.
4. Employ an Advise TX Program Director who will (a) supervise the appointed Adviser, meeting with him or her regularly to discuss job performance and develop strategies for improvement; (b) work closely with the high school on-site liaison assigned by the Lamar CISD and/or the high school to assess the relationship between the appointed Adviser and the high school so that the Adviser is effectively serving the high school students and advancing the three main aims of Advise TX; (c) engage in frequent dialogue with partner high school around strategic collaboration and to assess progress towards the goals; (d) re-evaluate the work plan and make adjustments as needed but at least on an annual basis; (e) serve as the main liaison between the high school principal and Advise TX, meeting at least twice per year to review the collaboration and ensure that its goals are being met; (f) work with the on-site high school liaison to establish a mutually agreeable work schedule for the Adviser; and (g) visit the school at least twice per academic year.
5. Remain open to address any issues or concerns that may arise.
6. Share relevant data and research with the Lamar CISD and the high school, as the Lamar CISD and the high school may request as consistent with FERPA and the FERPA provisions in this MOU. Share relevant data and research with THECB and CAC, as THECB may request as consistent with FERPA and the FERPA provisions in this MOU.
7. Manage the administration and pay the full salary and benefits of the Adviser.
8. Provide funding support, as funding is available, to the appointed Adviser for reasonable expenses associated with Advise TX programs and services. Reasonable expenses include office supplies, photocopies, incentives for students (such as food), or college field trip costs (as consistent with federal cost circulars).
9. Work in good faith to identify funding opportunities that will sustain the collaboration between the University, the Lamar Consolidated ISD and the high school beyond the current term.
10. Keep any and all student-level data provided by the Lamar CISD and the high school to the University and to the Adviser strictly confidential, in accordance with applicable local, state, and federal law, including as consistent with FERPA and the FERPA provisions in this MOU.
11. Require the participation of the assigned Adviser in Advise TX activities, (for example, Advise TX training and professional development) with consideration to minimize the amount of time Advisers are absent while the high school is in session, during the regularly scheduled term period of service specified below.
The Lamar CISD and/or high school agrees to the following terms during the project:

1. Welcome the assigned Adviser and work actively to facilitate their entry into the school community by treating them as a professional member of the school.
2. Establish and maintain clear lines of communication with the Adviser and Advise TX Program Director in regards to staff policies, procedures, and expectations with which the Adviser is expected to comply (including any relevant FERPA policies).
3. Designate within each high school a Site Liaison to (a) serve as the Adviser’s primary resource and advocate within the high school, facilitating the Adviser’s integration into the life of the high school and providing appropriate advice and counsel; (b) work closely with the Advise TX Program Director to assess the relationship between the appointed Adviser and the high school so that the Adviser is effectively serving the high school students and advancing the three main aims of the Advising Corps; (c) participate in Adviser’s annual evaluation; (d) work with the Advise TX Program Director to establish a mutually agreeable work schedule for the Adviser in accordance with the high school’s regularly scheduled term period beginning on August 14, 2017 and ending June 17, 2018; (e) engage in frequent dialogue with Advise TX Program Director around strategic collaboration and to assess progress towards the goals; (f) re-evaluate the work plan and make adjustments as needed but at least on an annual basis; and (g) serve as the main liaison between the principal of the high school and the Advise TX Program Director, meeting at least twice a year to review the partnership and ensure that its goals are being met.
4. Maintain the existing staffing level of the guidance/counseling department and not make any staffing modifications suggesting the replacement of a counselor or counseling position with an Advise TX Adviser.
5. Allow the Adviser to use CAC data collection and service tools in the high school as consistent with FERPA and the FERPA provisions in this MOU.
6. Supply THECB and the University (including its Advisers and project staff) reasonable access to student-level data (name, date of birth, and year of graduation) for the purposes of advising, grant reporting, and program evaluation as consistent with FERPA and the FERPA provisions in this MOU.

1. To determine the efficiency and success of the Advise TX program, the program shall be evaluated on an ongoing basis by THECB (including through its designated agent, CAC’s contracted evaluation team). The results of the evaluation may be used to, among other things, improve and modify the Advise TX program. Such evaluations will enable all project participants to spur higher levels of college enrollment. The evaluation will include the following:
   - comprehensive compilation and analysis of direct outcomes for the Advise TX program
• comparative analysis of college-going rates between control schools and program-participating schools
• assessment of increased scholarship dollars for universities and students
• analysis and assessment of college preparation activities undertaken by high school students
• identification of success factors that contribute to increased college-going rates and improved school morale
• examination of the relationship between student grades, class schedules, and college enrollment
• a qualitative and quantitative study of student awareness regarding higher education

2. For the purpose of carrying out the Advise TX evaluation, FERPA Data may need to be collected by the Lamar CISD and/or high school and disclosed to THECB as further described in the “FERPA Compliance” provision within this MOU.

1. This MOU serves as a written agreement to designate authorized representatives, as defined in 34 CFR § 99.3, of a local educational authority, 20 USC § 7801(26)(A), to access FERPA Data in connection with an audit or evaluation of a Federal or State supported education program, as permitted by FERPA federal regulations 34 CFR § 99.35.

2. The Lamar CISD and/or high school, a local educational authority, hereby designates THECB, including its officers, employees, designated Advise TX contractors, designated Advise TX grantees (e.g., the University), and other designated Advise TX agents (e.g., CAC and CAC’s contracted evaluation team), as its authorized representatives under FERPA.

3. THECB, as an authorized representative of Lamar CISD, shall have access to the student education records of Lamar CISD pursuant to the policies and restrictions identified in the “FERPA Compliance” provision within this MOU.

4. This MOU also serves as a written agreement articulating the Adviser’s role as a school official for the Lamar CISD and/or high school, as permitted by FERPA federal regulations 34 CFR 99.31(a)(1).

FERPA Compliance

1. The Parties agree and understand that this MOU is to be strictly construed to comply with FERPA, particularly the Audit and Evaluation and the School Officials exceptions, at all times. At a minimum, the following terms and conditions will apply to all FERPA Data disclosed by Lamar Consolidated ISD to THECB or the Adviser pursuant to this MOU:

   • For data disclosed to THECB, data will be collected and managed through an evaluation team contracted by the CAC, Texas A&M University College Advising Corps’ umbrella organization.

THECB shall ensure that the evaluation is conducted in a manner that does not permit FERPA Data to be accessed, disclosed, or otherwise used by anyone other than Lamar CISD and/or high school or THECB officers, employees, designated Advise TX contractors, designated Advise TX
grantees, and other designated Advise TX agents with legitimate interests in the evaluation of Advise TX or with legitimate educational interests.

Confidentiality of the data shall be maintained by THECB at all times to preclude personal identification of students who are the subject of the evaluation. All results of data analysis will be reported in aggregate. THECB shall never publically disclose or publish data in such a way that would allow individual students to be identified.
- THECB shall promptly notify Lamar CISD of any security breach that results in unauthorized access to any FERPA Data disclosed to THECB.
- THECB shall securely destroy all FERPA Data disclosed to it and all copies of FERPA Data in any format in THECB’s possession once the FERPA Data is no longer needed for the evaluation for which the data was obtained or for the Advisers’ work, based on appropriate federal guidelines.

INFORMATION ITEM: HOLDSWORTH CENTER UPDATE

The Holdsworth Center was formed by Texas Billionaire Charles Butts to support Texas Public Schools. The first cohort was selected from applications by invitation from only 27 districts state-wide. Seven districts were selected throughout the state to participate in this five year program as the cohort class. This class will assist the Holdsworth Center in its successive years of leadership development in Texas Public Schools. As a cohort group, all expenses are paid through the Holdsworth Center as the inaugural class. Mr. Butts’ one hundred million dollar donation to the center comes from his personal funds and reflects the same dedication as the Bill and Linda Gates Foundation with the limitation that the Holdsworth Center is exclusively for Texas Public Schools.
