2. Discussion of February 15th Regular Board Meeting Agenda Items

The Board reviewed the February 15th Regular Board Meeting agenda items.
10. ACTION ITEMS

10. B GOAL: PLANNING

10. B-1 Consider approval of budget amendment requests

Ms. Kaminski asked what is under instructional leadership. Ms. Ludwig said this is central office leadership, focused on instruction.

10. B-5 Consider adoption of the 2018 -2019 Student/Staff Instructional Calendar

Mr. Hubenak asked if this was the only option. Dr. Randle said this is the option the committee is recommending. Dr. Harrell asked who actually votes. Mr. Rockwood said DSIC voted electronically on the three options. 47 votes were received for option 1, one vote for option 2, and one vote for option 3. Dr. Randle said the committee represents the majority of the group for each of the representatives. Dr. Harrell asked if it is multiple votes for each campus. Mr. Rockwood said it depends on the enrollment. A high school has more representatives than an elementary school. The members go back to their campus and discuss the options. Ms. Kaminski asked if parents are included on the committee. Mr. Rockwood said yes, it is made up of campus staff, community members, and business partners. Mr. Hubenak asked about increasing the length of the school day to end school earlier. Mr. Rockwood said they talked to the DSIC and some TEA waivers will be going away in the future, they will look at this for the 2019-2020 school year.

10. B-6 Consider approval of Attendance Boundary Committee recommendations for Carter Elementary School

Mr. Hubenak asked why Williams is being left so light. Mr. Rockwood said this is a highly densely populated area when you look at the number of schools in the area. The committee created several options, and felt it was better not to open Carter at or over capacity. Williams will grow but at a slower pace. Ms. Kaminski said she was looking at option D and E and it would even out the schools more evenly over the next 2 years. She said Williams was built for 750 students and they have more than that now. In option D, it only puts Arredondo over capacity. She feels like we are at a time where we need to utilize our facilities. Mr. Rockwood said the committee looked at option D and in 5 years you have Carter at 200 students over capacity. They really did not want to open a new building and have it over capacity. The committee wanted a little more flexibility.

10. B-13 Consider approval of additional materials testing for Terry High School Baseball Complex

Ms. Roberts asked if these tests have been completed. Mr. Hoyt said some testing has been done, but some still needs to be done.

10. B-16 Consider approval of traffic study for Williams Elementary School

Ms. Roberts asked what are they trying to achieve. Dr. Randle said Williams Way is going to extend from Highway 59 to 762 and will go right by Williams Elementary. We are trying to get the traffic engineers to work with county engineers to look at how we can structure the parking to get vehicles off of the street.
3. **AUDIENCE TO PATRONS**

Ms. Keitha Cummings addressed the Board about the rezoning for Carter Elementary School and to not forget the Brazos Lakes subdivision. They are currently zoned to Velasquez and are asking to be rezoned to Carter.

11. **INFORMATION ITEMS**

11. B GOAL: PLANNING

11. B-7 Program Management

Ms. Micki Morris from Rogers Morris & Grover, LLP presented to the Board.

Ms. Bronsell asked if there is a hybrid of the two that work together, where you have an internal team but also have some projects that have external people working on them as well. Ms. Morris said it is quite common. There are several districts that are or have used this model. She has seen it where internal project managers handle certain projects and external project managers handle the more comprehensive projects. Dr. Harrell asked if this is determined at the beginning of the bond process. Ms. Morris said that is probably the best way to plan. Ms. Danziger asked if when we go out for RFQ, should we have a vision of what we want that company to manage for us. Ms. Morris said if you already have a facilities assessment and a capital improvement plan with the project order, then yes. Ms. Kaminski said she has a problem about training. If the board is part of the assessment, they do not have that knowledge. What happens if they do not have the trained people in the district, does this delay projects. Ms. Morris said yes and there is no guarantee they will stay with you after you train them. Ms. Roberts asked for an example where the cost of inhouse was less expensive. Ms. Morris said it is very difficult to quantify the cost that you do not see. If you just look at cost of salary and overhead vs. the cost of a program manager looking at the face value of a contract. You would not be able to see how much money those outside skill resources save you in catching things that they are trained to manage.

10. B GOAL: PLANNING

10. B-6 Consider approval of Attendance Boundary Committee recommendations for Carter Elementary School

Mr. Brian Ham from the Attendance Boundary Committee presented to the Board.

It was moved by Ms. Danziger and seconded by Ms. Bronsell that the Board of Trustees approve the 2017-2018 Attendance Boundary Committee’s (ABC) recommendation to establish the attendance boundary area for Carter Elementary and to allow grandfathering of 5th-grade students for the 2018-2019 school year, as presented.

Ms. Kaminski asked how soon the District would have to start adding portable buildings to Carter and Arredondo when looking at option A. She feels option D does not require portable buildings for at least 2 years vs. option A which will require them this coming year. Mr. Rockwood said he cannot answer how many portable buildings will be moved, the campuses request those each year. The primary concerns the
committee focused on were space utilization issues and trying not to have students move back and forth between schools. In the demographic report the long rang plan is that all the campuses (Williams, Thomas, Carter, Culver, and Meyer) over the next 5-6 years have options for relief. The committee really looked at keeping the enrollment in that general area over the next 5-6-year period, and not having kids moving multiple times. He said option D included the splitting of Bonbrook Plantation, and the residents wanted to keep the neighborhood together. Ms. Kaminski said she understands that but she is going back to the audit recommendation that the District utilize all of our schools. She said Williams is not going to be utilized. She feels option D is more to what the auditors had referred to and utilizing the facilities and not having all these schools over capacity within the next 2 years.

Ms. Danziger asked if all the students that will be zoned to Carter will be on this side of 762 so that no one is crossing. She asked if that is why they were wanting to keep more out of Williams, so they are not crossing back over. Mr. Rockwood said Williams will grow over the next 10 years, but it will grow at a slower pace.

Ms. Roberts said we need to encourage our community to be a part of this process. She said she has children at an older campus, there are certain burdens that teachers and staff deal with at older campuses. She personally does not have an issue with keeping Williams smaller. She said during the public input meetings she felt like there were so many people who supported option A. She would not feel good with going back and saying we are not happy with it.

Mr. Hubenak said he agrees with Ms. Kaminski. He feels like a line needs to be drawn somewhere. Even after Culver is built they are going to be at or over capacity.

Mr. Rockwood reminded the Board that when Bentley was built, they allowed students in that area to make a declaration for one year. They were allowed to request to attend the school and provide their own transportation.

Dr. Harrell asked if the declaration is only for students that are currently at the campus and not for their siblings who will be entering later. Mr. Rockwood said that is correct.

Ms. Roberts made a motion to amend the current motion to allow families living in planning unit 44G to declare which elementary campus they will attend, the current campus or Carter. Dr. Harrell seconded this motion. The motion carried unanimously.

Voting in favor of the motion as amended: Ms. Bronsell, Mr. Steenbergen, Ms. Danziger, Ms. Roberts, and Dr. Harrell

Voting in opposition of the motion as amended: Mr. Hubenak and Ms. Kaminski

The motion carried.

CONSIDER APPROVAL FOR THE DISTRICT TO APPLY FOR A WAIVER FOR ADDITIONAL STAFF DEVELOPMENT DAYS

RECOMMENDATION:

That the Board of Trustees approve the submission of an expedited waiver application to allow the District to dedicate 2100 operational minutes to Staff Development activities in lieu of instructional time during the 2018-2019 school year.

IMPACT/RATIONALE:

This expedited waiver would allow the District to train instructional staff on various educational strategies designed to improve student performance, during the course of the 2018-2019 school year.

Districts may request a maximum of 2100 minutes dedicated to instructional staff development for the 2018-2019 school year only.

PROGRAM DESCRIPTION:

Each year, Lamar CISD develops an instructional calendar with Board approval. Starting in 2017-2018 an academic year is defined as 75,600 minutes of operation per House Bill 2442 as enacted by the 85th Texas Legislature. The minutes contained within this waiver can be dedicated to full or partial staff development days and may count toward meeting the 75,600 minute requirement for the 2018-2019 school year only.

It is anticipated that this waiver will not be available in future years, as the 75,600 minute requirement is fully implemented.

TO THE ADMINISTRATOR ADDRESSED (TAA):

Subject: Information concerning changes to Staff Development and Early Release Waivers for 2018-2019 and Beyond – (2nd notice)

Reissue of Staff Development and Early Release Waivers letter regarding the 2018-2019 school year; no changes were made from the original issuance on August 31, 2017.

The information in this TAA letter pertains to the 2018-2019 school year; therefore, having no immediate impact on school districts and charter schools. Accommodations and additional guidance may be made in 2018-2019, as necessary, for those school districts and charter schools affected by Hurricane Harvey.

The 85th legislature implemented changes to requirements for minutes of operation and average daily attendance. To assist school districts and charter schools in complying with House Bill (HB) 2442 while developing their 2018-2019 school year calendars over the coming months, below please find significant updates that TEA will propose in rule for the 2018-2019 school year. In the near future, these changes will be adopted in the 2018-2019 Student Attendance Accounting Handbook (SAAH) subsequent to public comment.

Early Release Waivers

- Due to the flexibilities provided by 75,600 minutes of operation and the repeal of the seven-hour school day requirement by HB 2442, school districts and open-enrollment charter schools may release their students early from school and still receive full funding, so long as they meet certain requirements. See corresponding TAA letter from the Financial Compliance Division dated August 31, 2017. Therefore, Early Release waivers are no longer necessary.

- Early Release waivers previously approved for the 2018-2019 school year are rescinded.

- Effective for the 2018-2019 school year, the agency will no longer offer Early Release waivers.

Staff Development Waivers

- Due to the change to minutes of operation made by HB 2442, all existing, approved Staff Development waivers for the 2018-2019 school year are rescinded.
Effective with the 2018-2019 school year, the agency will offer a new Staff Development waiver that provides for a maximum of 2,100 total waiver minutes to use for professional development. The 2018-2019 school year Staff Development waiver will be available in the Spring of 2018. The waiver is only applicable to the 2018-2019 school year and will require only minimal information. Districts and open-enrollment charter schools should have their waivers approved by TEA prior to adopting their 2018-2019 school calendars.

Each district and open-enrollment charter school may choose how to apply their approved Staff Development waiver minutes each year. For instance, schools may choose to offer early release, late start, all day staff development or a combination. However, the total waiver minutes for staff development shall not exceed 2,100 minutes per year.

Waiver minutes are for staff development in place of student instruction; therefore, the waiver minutes are only applicable to staff development provided instead of student instruction during the school year. Effective with the 2018-2019 school year, staff development waiver minutes may not be used prior to the first day of student instruction or after the last day of student instruction.

On staff development days when students are in attendance part of the day, in order to receive full ADA funding, the district or open-enrollment charter school must provide at least 120 minutes of student instruction. Instructional minutes are defined in the SAAH as the portion of the school day in which instruction takes place along with other exceptions. In addition to the 120 minutes of student instruction, any staff development waiver minutes reported must reflect actual staff development minutes provided.

Note: To assist school districts and open-enrollment charter schools with planning for the 2019-2020 school year and beyond, please be advised that the agency is considering requiring that future Staff Development waivers demonstrate that the school will be providing high-quality staff development that will impact student outcomes. More information will be made available from the TEA in the Spring of 2018 regarding this policy change.

Questions related to waiver changes should be directed to Leah Martin, Director of Accreditation & Waivers, at (512) 463-8597 or at Leah.Martin@tea.texas.gov.

Regards,

A.J. Crabbil
Deputy Commissioner for Governance
CONSIDER APPROVAL OF BUDGET AMENDMENT REQUESTS

RECOMMENDATION:

That the Board of Trustees consider approval of budget amendment requests.

IMPACT/RATIONALE:

The proposed budget amendments require school board approval because budgeted funds are being reallocated between functional categories and/or new budgets are being established.

PROGRAM DESCRIPTION:

Budget amendments are mandated by the state for budgeted funds reallocated from one functional level, and state and/or federal program to another. These budget changes are usually the result of unexpected levels of expenditures in certain categories and amendments are for legal compliance. Other budget amendments are determined by the School Board.

Since the operating budget for Lamar CISD is adopted at the functional level, budget revisions are required for reallocations between functional levels or when new budgets are being established. All necessary budget amendments must be formally adopted by the School Board and recorded in the Board minutes. The tax resale property is described as:

Reserve “A” of Tierra Grande, Section Six, a subdivision in Fort Bend County according to a map or plat recorded under Slide No. 1097B of the map records of Fort Bend County, Texas (Account # 0034-06-030-0005-908)

The property is owned in trust by Lamar CISD, Fort Bend County, and the Fort Bend County Drainage District pursuant to the constable’s tax sale. In order for the property to be sold for less than the entire amount of taxes and costs owed, the formal approval of all taxing entities is required pursuant to Texas Property Tax Code Section 34.05.

- CAD Value (2017): $2,930.00
- Location of Property: Citeaux Lane
- Type of Property: Vacant 0.1810 acre tract of property

In order for this offer to be accepted, it must be approved by Lamar CISD, Fort Bend County and the Fort Bend County Drainage District. If this offer is approved by Lamar CISD, the $50.00 would be distributed as follows:

CONSIDER APPROVAL OF SUPERINTENDENT SMART GOALS FOR 2018-2019

RECOMMENDATION:

That the Board of Trustees approve the Superintendent SMART goals for 2018-2019.

IMPACT/RATIONALE:

The Board annually sets the Superintendent SMART goals. The Board can either approve the existing goals for the upcoming school year or make appropriate changes. The Holdsworth Center facilitated the Board/Superintendent Team Building Session. Holdworths mission is to impact, overtime, the quality of public education available to Texas students by supporting and developing public school leaders. They have also agreed to facilitate the district’s strategic planning.

The focus of the session was to review existing goals, explore new ones and make goals SMART and student focused.

Attached are SMART goals for the Superintendent developed from the work done in December.

Superintendent SMART Goals

STUDENT OUTCOMES

SUPERINTENDENT’S SMART GOAL: All student programs including early childhood education and CCMR* indicators will make increases relative to the state mean based on the standard statewide measurements.

*College, Career, and Military Readiness

Notes: The area of special education is currently subject to new criteria to be implemented within the next month by the Commissioner of Education in response to federal mandate.

As criteria’s change with TEA standards after each year’s assessment administration, the state mean is the only constant for base level comparison.

STAFF DEVELOPMENT

Superintendent’s SMART Goal: Utilizing the Holdsworth blueprint for the leadership pipeline, a systemic program for identifying, placing, and developing leaders in LCISD will be fully launched by December 2019.

Note: Our current DIP indicates the plan will be developed by May. The launch will occur in the upcoming year and be a part of the 2018-2019 DIP.

STUDENT SERVICES

Superintendent’s SMART Goal: An analysis of available tools, including but not limited, to extracurricular participation, mental and emotional health student intervention training for teachers, peer mentoring in problem-solving, and other approaches will be conducted to formulate an overall matrix of student support for school connectedness and emotional health.

Note: Each of these areas form a network of support that prepare students to be successful in school while developing their problem-solving skills, interpersonal skills, and positive attitudes in a growth mind set.
INSTRUCTIONAL MANAGEMENT

Superintendent’s SMART Goal: A long range, research based, three-year plan will be developed for a vertically and horizontally aligned curriculum by August of 2018.

Note: This goal is in progress and the three-year plan will be completed by August of 2018 with implementation beginning of year 1. Curriculum writing cycles are dependent on TEA’s TEKS revisions and the plan will reflect the current TEA cycle.

ADMINISTRATION AND ORGANIZATION

Superintendent’s SMART Goal: By the fall of December 1, 2018, a comprehensive strategic plan addressing the vision and mission of LCISD, targets, and strategies, specifically including all aspects of safety and security will be developed via a committee of stakeholders including students, parents, teachers, administrators, community members and business leaders.

CONSIDER APPROVAL OF THE SECOND MUD NO. 5 INTERLOCAL AGREEMENT FOR CULVER ELEMENTARY SCHOOL

RECOMMENDATION:

That the Board of Trustees approve the second Interlocal Agreement with Fort Bend County MUD No. 5 in an amount not to exceed $100,000 for road access at Culver Elementary School and authorize the Board President to execute the agreement.

IMPACT/RATIONALE:

The District purchased the site for Culver Elementary School in the Briarwood Crossing Subdivision. A previous Interlocal Agreement between LCISD and Ft. Bend County MUD No. 5 was approved by the Board of Trustees at their September 2017 meeting for clearing, grading, and utilities at the school site. This second Interlocal Agreement is to prorate the cost of roadway access to the Culver Elementary School site in an earlier sequence than planned by the developer.

This will provide roadway access for the school driveways and a turn lane at one driveway entrance.

PROGRAM DESCRIPTION:

Fort Bend County MUD No. 5 is the Municipal Utility District serving Culver Elementary School. The Fort Bend MUD No. 5 will construct the additional roadways and turn lanes required for Culver Elementary School as they perform road construction in developing the next section of the subdivision.

Upon approval, the Board President will sign the agreement and Fort Bend MUD No. 5 will initiate the work. The cost to Lamar CISD will be a pro-rata share of the cost of the work as stipulated in the agreement.

Facility Use Agreement

The American National Red Cross ("Red Cross"), a non-profit corporation chartered by the United States Congress, provides services to individuals, families and communities when disasters strike. The disaster relief activities of the Red Cross are made possible by the American public who support the Red Cross with generous donations. The Red Cross’s disaster services are also supported by facility owners who permit the Red Cross to use their buildings as shelters and other service delivery sites for disaster victims. This agreement is between the Red Cross and a facility owner ("Owner") so the Red Cross can use the facility to provide services during a disaster. This agreement only applies when Red Cross requests use of the facility and is managing the activity at the facility.

CONSIDER APPROVAL OF UNITEDHEALTHCARE AS THE GROUP MEDICAL/RX PLAN ADMINISTRATOR AND STOP-LOSS CARRIER, AND OPTUMRX AS PHARMACY BENEFIT MANAGER

RECOMMENDATION:

That the Board of Trustees approve UnitedHealthcare as the Group Medical/Rx Plan Administrator and Stop-Loss Carrier, and OptumRx as Pharmacy Benefit Manager, and authorize the superintendent to negotiate the final contract.

IMPACT/RATIONALE:

Lamar CISD received a total of nine (9) responses to the Request for Proposal for Plan Administration, Stop-Loss Insurance, and Pharmacy Benefit Manager. After review of the responses by Arthur J. Gallagher & Co., the field was narrowed to four (4) respondents based on cost projections and services offered. These four proposals were presented to the Financial Audit Committee, and three of the respondents were asked to provide the District with a “Best and Final” offer.

UnitedHealthcare (UHC) is the District’s current Group Medical/Rx Plan Administrator and Stop-Loss carrier, and OptumRx is the District’s current Pharmacy Benefit Manager. Based upon the weighted criteria in the proposal, it has been determined that UHC and OptumRx provide the District with the best combination of options. UnitedHealthcare and OptumRx have proposed a one year contract with four additional one-year renewal options at the discretion of the District. Evaluation details are attached.

PROGRAM DESCRIPTION:

Group Medical/Rx coverage is offered through open enrollment annually to all employees who work twenty (20) hours or more per week and substitutes who meet the monthly working requirement. UnitedHealthcare delivers value to the District through a framework of benefit solutions, network solutions, clinical programs, and a suite of services to improve members’ health and well-being.

The District continues to comply with the Patient Protection Affordability Act (PPACA) in the areas that will impact the District’s Medical/Rx plan(s) and the cost to the District.

RFP # 08-2018RL Analysis

Arthur J. Gallagher & Co.

All information contained herein is subject to the disclosures and disclaimers at the end of this presentation
Executive Summary

Lamar CISD received a total of nine responses to Request for Proposals #08-2018RL – Plan Administration, Stop-Loss Insurance, and Pharmacy Benefit Manager. After review and evaluation of the responses, four respondents' proposals were presented to the District's Financial Audit Committee. The selection was based on cost projections and services offered.

The results of these evaluations directed GBS to recommend to the District to request Best and Final Offers from the following three respondents:

- **UnitedHealthcare**
  - Plan Administration
  - Stop-Loss Coverage
  - OptumRx Traditional Advantage PDL Formulary [Carve-In]

- **Aetna**
  - Plan Administration
  - Stop-Loss Coverage
  - CVS Traditional Standard Formulary [Carve-In]

- **Express Scripts Traditional NPF Formulary [Carve-Out]**
Executive Summary

The Best and Final Offer responses were reviewed by the GBS Consulting Team and the GBS Pharmacy Analytics Team. In addition to the detailed review and evaluations of the response, a scoring matrix and evaluation of the responses was performed.

While both UnitedHealthcare/OptumRx and Aetna improved their initial response, Gallagher’s recommendation is to accept the Best and Final Offer for Plan Administration and Stop-Loss Coverage from –

- UnitedHealthcare for Plan Administration and Stop-Loss Insurance
- OptumRx for Pharmacy Benefit Manager.

Rationale

- No disruption – District Administration and Member Experience
- Firm rates for Individual and Aggregate Stop-Loss Coverage
- No Pharmacy disruption with OptumRx
Executive Summary

The recommendation is based on weighted criteria, perfect score being 100 points. The Scoring Matrix and Tabulation is included (refer to page 7).

Evaluation matrix attached is based on the following components:

- Cost components – 35%
- Reputation, quality of services, ability to meet needs – 60%
- Past relationship with the District – 5%

Cost components:

- Initial estimated purchase price (25%) and long-term cost to the District (10%)
- Key elements (4) of initial estimated purchase price:
  - Claims administration fees and costs
  - Stop-Loss fees
  - Discounts/rebates offered
  - Prescription drug administration fees and costs
Executive Summary

Four (4) key elements of initial purchase price:

- **Claims Administration fees and costs**
  - Aetna prevailed by $94,720.80 annually

- **Stop-Loss Rates**
  - Aetna prevailed by $386,647.20 annually
  - Aetna’s stop-loss rates are **CONTINGENT** – UHC’s rates are **FIRM**

- **Medical Claims discounts – projected**
  - Aetna prevailed by $596,402.14 annually

- **Prescription Drug administration fees and costs**
  - OptumRx (UHC) prevailed by $374,333.33 annually in pharmacy cost avoidance
Executive Summary

Basis for selection of UHC’s combination of options:

- Aetna prevailed in terms of estimated initial purchase price by $703,436.81 annually, a cost advantage of less than 2.2% ($703,436.81/$32 million estimated total spend for 2018-19 plan year)
- Other factors were determined to exceed this cost advantage
  - Disruption to employees that occurs when:
    - Employees must select new providers due to changes in network options
    - Changes in maintenance prescription benefits are known to produce a large number of exclusions and negative consequences (660 instances)
  - Administrative costs associated with making the change
    - Data conversions
    - Processing changes
  - UHC’s Stop-Loss fees are firm, whereas Aetna’s are contingent
    - Cost advantage for Aetna drops to less than 1% when Stop-Loss costs are eliminated from the comparison ($703,436.81-386,647.20=$316,789.61)
  - Aetna’s proposal for Stop-Loss payments provides for caps which could create significant plan exposure in 2018-19:
    - $975,000 cap on individual run-off claims
    - $5.8 million cap on total run-in claims incurred prior to 8/31/2018

INFORMATION ITEM: FREEZING OF NEW INTRA-DISTRICT/INTER-DISTRICT TRANSFER REQUESTS TO ADOLPHUS, ARREDONDO, BOWIE, HUBENAK, HUGGINS, LONG, McNEILL, MEYER, RAY, THOMAS, AND TRAVIS ELEMENTARY SCHOOLS

A freeze has been placed for new intra-district/inter-district transfer requests at the following schools for the 2018-2019 school year: Adolphus, Arredondo, Bowie, Hubenak, Huggins, Long, McNeill, Meyer, Ray, Thomas, and Travis elementary schools. It is noted that the freeze on the intra-district/inter-district transfers would not include: (1) siblings of students currently enrolled into a school via transfer; or (2) children of District employees. The exception being if the elementary level enrollment exceeds the 22-1 average capacity at individual grade levels that would require the hiring of additional staff. Principals would examine the number of transfer students. The transfer may have to be rescinded. In these cases, the parents would be notified immediately.

Resource Person: Linda Lane, Executive Director of Elementary Education
INFORMATION ITEM: FREEZING OF NEW INTRA-DISTRICT, INTER-DISTRICT, AND PUBLIC EDUCATION GRANT TRANSFER REQUESTS TO POLLY RYON MIDDLE SCHOOL, READING JUNIOR HIGH SCHOOL, AND GEORGE RANCH HIGH SCHOOL

A freeze has been placed for new intra-district, inter-district and Public Education Grant transfer requests at the following schools for the 2018-2019 school year: Polly Ryon Middle School, Reading Junior High, and George Ranch High School. It is noted that the freeze on the intra-district/inter-district transfers would not include:

1. A residence change to another high school attendance zone for a high school student who has completed six (6) or more semesters at his/her original high school campus. In this case, the student may remain with his/her class.

2. A residence change to another LCISD school attendance zone after the beginning of the semester (generally 7 weeks or greater). In this case the student may remain at his/her current campus until the end of the current semester. Proof of current address will be required to confirm the student's new address is within the District's boundaries.

3. A pending residence change to another LCISD school attendance zone because of the pending purchase or lease of a new home at the beginning of a semester (generally 6 weeks or less). In this case, the student may transfer to the campus of his/her new attendance zone. Documentation indicating an earnest contract, lender approval, closing documents, and/or a signed lease is required as proof of residence.

4. Full time LCISD employees that are residents of the District may transfer their student to another campus within the District. Transfers that are granted to resident full-time employees must be renewed annually. If the employee terminates employment with the District, the student will return to the campus for which he/she is zoned at the end of the semester in which employment ends.

Resource Person: Leslie Haack, Executive Director of Secondary Education
INFORMATION ITEM: DISTRICT IMPROVEMENT PLAN QUARTERLY UPDATE

Per Texas Education Code §11.252, the Board of Trustees is responsible for ensuring the District Improvement Plan (DIP) is developed, reviewed and revised annually for the purpose of improving student performance.

The Board approved District performance goals as outlined in the DIP to help ensure the District is using appropriate measures to generate success.

All plans contain a comprehensive needs assessment, which identifies priority areas in need of improvement. Based upon the developed needs assessment, the District aligns goals, objectives, strategies and resources that will be used in the current school year to improve and support student performance.

The DIP is also aligned to support the tenants of the Texas Accountability Intervention System (TAIS), and it serves as a blueprint for sustaining growth toward meeting and increasing state accountability standards.

The DIP is available on the District website for public review. The DIP may receive minor amendments from administration throughout the school year to stay in sync with continually evolving District, campus and student needs.

Resource Persons: Valerie Vogt, Chief Academic Officer
Mike Rockwood, Executive Director of Community Relations
Lamar CISD believes community engagement is critical to the success of our schools and students. With that in mind, we launched our fifth annual Campus Climate Survey in December, seeking parent, student and campus staff views on the educational climate in each school.

A total of 20,744 people participated in the survey—including 13,253 students, 5,307 parents and 2,184 staff members. This is an increase of 1,668 participants from the previous year.

Overall, the results were positive. For example, 87 percent of parents and 85 percent of staff members gave their schools an “A” or “B” for education quality. Meanwhile, 77 percent of our students also gave their school an “A” or “B” for education quality.

Designed and administered by independent technology and communications firm K12 Insight, the survey focused on the following topics:

- Academic Preparation
- Student Support
- School Leadership
- Parent Engagement
- Safety and Behavior
- School Operations
- School and District Events

The District and campuses will use feedback from this survey to help guide decision-making. District survey results will be posted on our Your Voice page and campus survey results will be posted on each campus page.
